How to be part of Mila

Mila is a research institute - not a university

Mila hosts professors from more than 10 different universities and schools.

Research students or research collaborators <u>need</u> to be supervised by a Mila affiliated Faculty member from one of our affiliated universities and schools

Graduate research programs (M.Sc. or Ph.D.)

- Through admission to one of our affiliated universities
- Under the supervision of a Mila affiliated academic member
- Direct Professor Contact

OR

(some supervisors only)

University Admission

Postdoctoral Fellowships

- Through admission to one of our affiliated universities
- Under the supervision of a Mila affiliated academic member
- Direct Professor Contact

 $\bigcirc R$

University Admission

Internship & collaboration in a research lab

- Through admission to one of our affiliated universities
- Under the supervision of a Mila affiliated academic member
 - Direct Professor Contact

 $\cap R$

University Admission (if applicable)

Professionnal or non-thesis Master students <u>don't need</u> to find a supervisor

Professionnal and Non-Thesis study program

- Via the admission to one of the 2 affiliated universities offering these programs (UdeM & McGill)
- No need to find a supervisor to apply for any of these two programs

Two ways to FIND a Mila supervisor and **APPLY through Mila**

We strongly advise you to apply to Mila to increase your chances of being matched with a professor
